

# MILLER ECO PARK PROGRAMMING

## **BACKYARD BIRDING, JULY 13 @ 10 AM**

*Presented by local bird enthusiast Austin Langdon*

### **Meet the birds of Miller Ecological Park!**

Learn to recognize them by sight and sound as we hike the trails and identify as many species as we can. Then visit the bird blind and put your ID skills to the test! "Bird Bingo" will be available for the kids. Bring binoculars if you have them (a few will be available to share). And if you own a smartphone, consider downloading "Merlin Bird ID" and "eBird" apps beforehand.

## **LEBANON GARDEN CLUB'S 5TH ANNUAL MONARCH BUTTERFLY RELEASE, AUGUST 10 @ 11 AM**

The Lebanon Garden Club's 5th Annual Monarch Butterfly Release will begin at 11am. There will be many educational exhibits set up to learn more about everything from life cycles to habitat needs of butterflies with the event wrapping up with the release of Monarchs! Reserve butterflies to release by sending a private message to the Lebanon Garden Club Facebook page for \$3 each, please order by August 6th.

## **MULCHING WITH NATIVE PLANTS, SEPTEMBER 14 @ 10 AM**

*Presented by Ohio Certified Volunteer Naturalist Sue Saari*

Do you like to lay down mulch? Who does? There's a solution: mulch with native plants. Sue will help you get to know the shortest, smallest native plants and how to plant them as live mulch to crowd out those weeds. From trees that withstood an atomic blast to the Tree of Life, come hear true accounts and fanciful stories about common yet remarkable trees growing in our yards, parks, and forests.

**FREE AND OPEN TO THE PUBLIC**

**All programs are offered at Miller Eco Park  
located on Miller Road.**
